

## CORPORATE FACT SHEET

**Established:** 2007

**Founders:** Jonathan D. Haley and Adam Kauffman

**Mission:** To be the preferred site acquisition and project management solutions provider to firms driving innovation within the wireless telecommunication industry. We are singularly committed to our clients. Through strategic design, superior execution, and empowerment of highly skilled people, we deliver tactical and dependable solutions to our clients.

**Origin of Name:** Notice-To-Proceed represents the single most important milestone in wireless site development, achieved only when all leasing, zoning, permitting, and due diligence activities are completed. It represents our team's contribution to your project's success and the end product of the scope of our services, which starts with ring release and ends with your NTP.

**Markets Served:** Network upgrades, PCS, mobile broadband, and emerging technologies which include Ancillary Terrestrial Components (ATC), Mobile Satellite Services (MSS), Forward Link Only (FLO), Advanced 4G technologies (LTE/WiMax), and Air to Ground (ATG) services.

**Geographic Coverage:** Currently providing services in over 30 states across the United States.

**Licensure:** Illinois real estate brokerage firm.
